You can be rest assured that our solutions are tried-and-tested and have been successfully implemented with hundreds of customers and is backed by expertise of 100+ healthcare professionals, who work tirelessly to ensure continuity of your business.

## Who we serve?

### **MSO/IPA/ACO/HMO**

We have been serving MSO's, IPA's, ACO's and HMO's develop their networks since the start of our business. We have helped them increase their profitability by reducing their administrative and compliance costs and also by ensuring high incentive realization using solution that become effective from the very first month of engaging our services.

### **DME / Home Health Companies**

Our DME solutions have been used by DME vendors across US. We offer implementation of technologically advanced platforms combined awarding winning 24x7 customer service teams to ensure an end-to-end solution.

### **Health Plans / Insurances**

We have helped multiple health plans / insurance companies increase their star rating and thereby increasing their enrolments multi-fold's. We also helped them achieve high levels of compliance adherence and stringent CMS reporting requirements leading to higher incentive payments and profitability.

### **Medical Billing Companies / Independent practices**

We have been providing medical coding & billing solutions to independent practices & medical billing companies using our certified and experienced coders and AR executives.

# Our Solutions

## Managed Care Solutions,

Since 2005, Guhilot has been helping managed care organizations (MCOs, MSO, IPA's, HMO's, PPO's & PFFS) with real competitive advantage by simplifying processes, improving productivity and providing data to shape management decisions, leading to a financially successful organization. Our decades of expertise in the managed care business ensures that our provider networks stay focused on effective patient care while we manage work in the background and help them navigate compliance requirements, service delivery objectives and achieve highest HEDIS/RAF scores thereby ensuring best incentive payments.

## Risk Adjustment Solutions,

We have been providing comprehensive risk adjustment solutions since 2015 to health plans, IPA's, MCO, MSO and other risk-bearing entities. Our solutions have been well received in the market and we have been successful in increasing RAF scores by an average of 50%-150% for all our customers. We achieve this by using new age AI technology combined with CPC/CRC certified coders that use specialised audit tools to ensure 100% accurate code detection, documentation and timely reporting.

## DME Home Health,

We have been providing end-to-end solutions for DME vendors across US enabling them to streamline their order-to-cash processes and increase their customer satisfaction. We work closely with our partner DME vendors to provide technology platforms and also perform operational activities right from receipt of authorization requests from payers, medical groups, hospitals and medical offices to final delivery of products & equipment. We have a deep insight of all DME product lines, including but not limited to routine DME, respiratory therapy, oxygen supplies, custom and power mobility, orthotics and prosthetics, enteral nutrition, wound care, incontinence supplies, infusion therapy and other DME products.

## Medical Coding & Billing Solutions,

Medical Coding and Billing is a very complex and laborious process and if not done correctly, directly affects the financial well being of your practice. Our all-inclusive revenue cycle management solutions have been in use and perfected for over a decade. We pride ourselves in reducing your accounts receivables to less than 60 days in a short period of time with the help of customized technology platforms, certified group of medical billers and AR executives who are specially trained to ensure you start seeing results from the first month.
